**Project overall status :**          **work is verified and completed in the 5$^{th}$ week of month.**

**Brief Description About Proposed Points:**

      We have successfully categorized events. As per our project coordinator instructed us to categorize events on their certain criteria. They asked us to categorize events in 3 criteria's which are Cultural, Technical Events, and Sports Events. Cultural events that contains Freshers, Farewell, etc., Sport events that involve physical activity and competitions, Technical events that focus on technical subjects like workshops, Tech/Non-Tech Events conducted in college. While event is uploaded it is assigned with a category. In User Section where events are displayed we have added a drop-down list which contains all three criteria's. As before all events are displayed but in case if user selects the Cultural option from drop down list, only the cultural events will be displayed, so as goes to Technical and Sports event options.
